4. Installation

1. Put the product to a proper location, according to the overall layout, the daylighting or artificial lightings and operation condition of the salon's or the home. And keep it in the clean, dry and cool environment.
2. Open the packing carton to check if the product is intact and whether the accessories or spares are complete. Please contact distributor or us if there's any problem.
3. Installation

Place the product to the proper position. Please note that it is unnecessary to install extra screw on the floor to fasten the bed, because the original design has taken the stability into consideration. But please ensure the product is placed on a firm and flat ground, so as to prevent any accident.

1. Use 4 pcs bolts (M8*20) to fix the seat inclination

2. Connect the backrest to the gas lift with a dowel, then insert the cotter pin.

5. Technical Parameters

Lifting Rated Load	150 kg
Package Size	62×61×65 cm

6. Maintenance

1. After every treatment, please only use neutral solution to clear the the dust, stains on leather, metal part or other parts. Disinfecting solution like alcohol, acid or alkaline solution are forbidden. This is to prevent the lifetime of the components from being shortened.
2. Please lubricate the moving parts regularly (once a year)

7. Troubleshooting

The Fault Phenomenon	Reason	Solution
Abnormal Sound	1. The rotating parts are short of lubricating oil.	1. Add lubricating oil.
	2. Rotating positions (such as hinge, POM sets, gas lift) are short of lubricating oil.	2. Add lubricating oil.

If problem is still not solved after above operations, please contact maintenance center or supplier to solve it.
